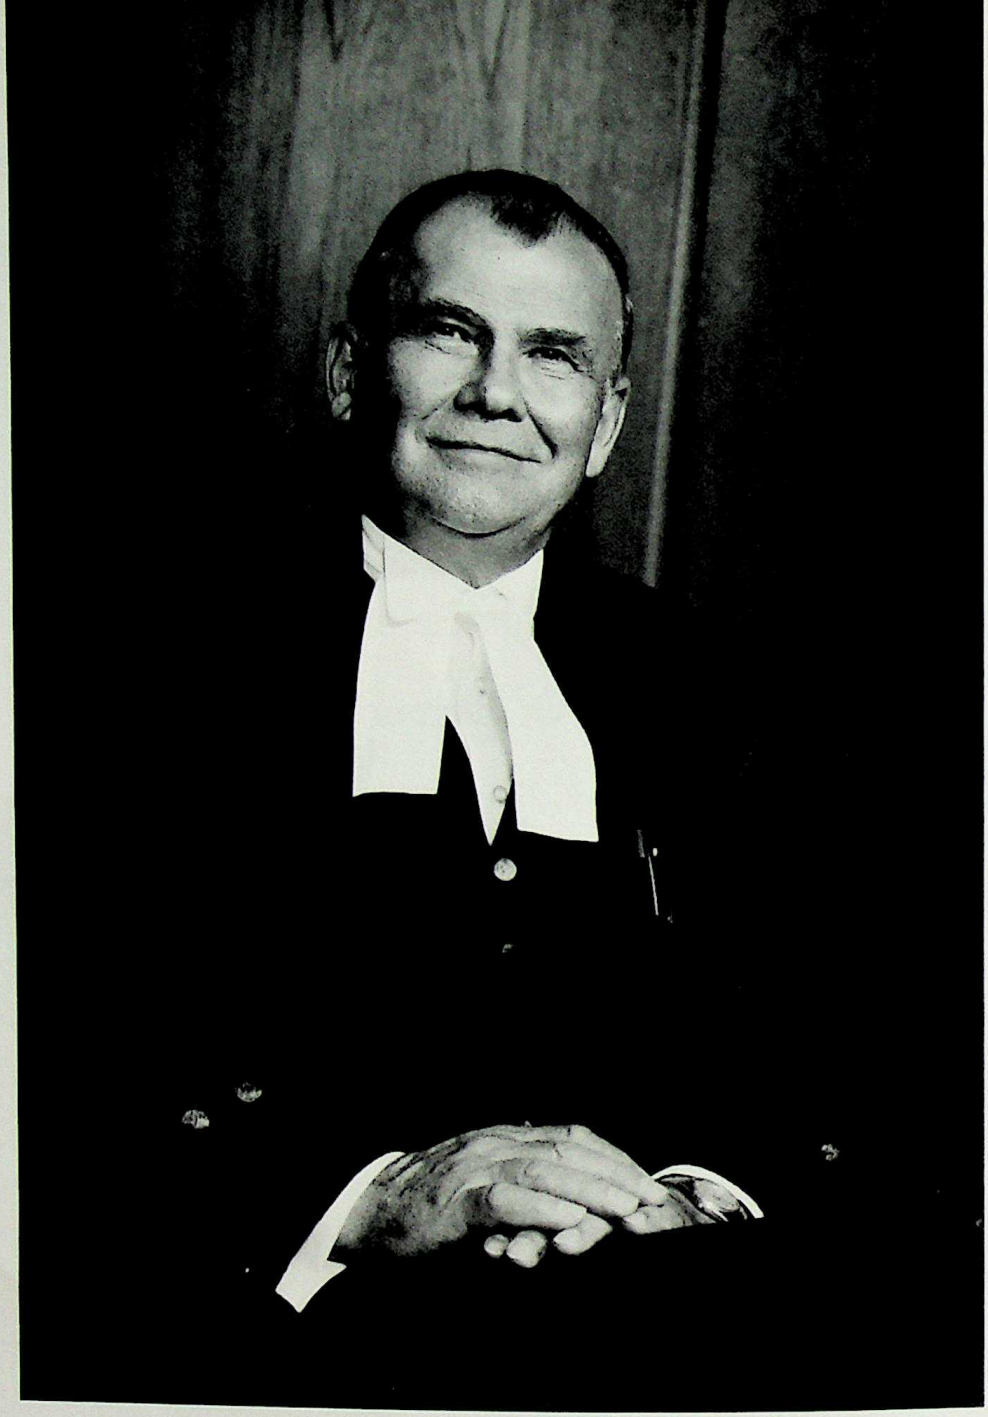
John D. Bracco School

A new school is a symbol of hope and optimism. As it opens, we have occasion to celebrate the future of our community and the young citizens who will lead us into the next century.

John D. Bracco is a school for the nineties with a view to the twenty-first century. It is open, inviting, and will provide a secure environment in which students will be challenged to take risks and develop new skills. The culture of John D. Bracco will be a blending of current innovations, future trends, and successful practices from the past.

Over the past two years, Edmonton Public Schools has worked with educators, parents, students, community members, business people, and architects to design a facility where the learning needs of students have been at the forefront of every decision. The two storey school features abundant natural light, an open student activity area, and state-of-the-art technology that will support core and complementary studies.

John D. Bracco School will be a place of learning for students, staff, and the community, all of whom are encouraged to continuously seek opportunities to develop new skills and gain new knowledge.



WINGS PHOTOGRAPHY LTD.

I thank the Year Book Committee for giving me this opportunity to extend my best wishes to the students, teachers and staff of this fine school. This year book will become an important historical document for all who have been involved in this, the first year of the John D. Bracco School. It has been a very happy experience for me to meet so many of you. I have been very favourably impressed with. the strong spirit of learning that I have sensed each time that I have visited your school.

I feel confident that you will look back with a flood of fond memories on your own good times, times of learning and the warm friendships you have made this historic first year. This book will keep those memories fresh as each of you goes on with your learning and your life. Good luck and good fortune.

John D. Bracco

The Honourable Mr. Justice J. D. Bracco

In the naming of John D. Bracco School, we recognize a man dedicated to lifelong learning.

The Honourable Mr. Justice J.D. Bracco was born in Edmonton in 1925. As a child he took his studies very seriously. His capacity for hard work, coupled with an intellectual curiosity, made the role of educator an appealing career choice. He graduated from the University of Alberta with a Bachelor of Education Degree in 1949. He began his teaching career at Strathmore where he taught for three years before joining the teaching staff at Highlands Junior High School.

In 1953, he returned to the University of Alberta to pursue a law degree. While in university, Mr. Justice Bracco was elected president of the Student.s Union. In his final year at the University of Alberta, he was awarded the Mothersill Memorial Scholarship by a vote of the student body. Upon graduation he established a private practice in law.

In 1964, Mr. Justice Bracco was elected to the Edmonton Public School Board. He remained on the board for seven years, serving for one year as the Chairman.

Among his many fine qualities, Mr. Justice Bracco is remembered for his diligence in all matters pertaining to school operations.

Mr. Justice Bracco was appointed to the District Court of Northern Alberta in 1975, and is currently a justice of the Alberta Court of Appeal. He is known among his colleagues for his enthusiastic dynamism, his conscientious leadership, and his commitment to both his family and his community.

Many times throughout his career, Mr. Justice Bracco has accepted appointments that would allow him to practice his first love, teaching. He has served on many panels and committees ahd has lectured and worked with many provincial and national organizations. He is especially articulate on issues relating to family law.

Well educated, learned, well-spoken, respected, Mr. Justice Bracco`s name lends itself perfectly to a school that is dedicated to fostering the skills knowledge and attitudes that are inherent in responsible citizenship.

Principal's Message

1992-93 has been a very exciting year for North East Edmonton. It has seen the opening of a brand new junior high school to meet the needs of young people between the ages of 12 and 16 years old. You and your parents have been an integral part of the development of a culture at John D. Bracco School. It is a culture where student achievement is held in the highest esteem as is the integrity and self-worth of each young person. As we reflect on the year, I encourage you to look at the number of new friends that you have made, the positive experiences that you have encountered and the many academic and social gains that you have experienced.

John D. Bracco School is a very special place with a developing tradition and a bright future. Congratulations on the completion of your first year and best wishes for the future.

R. Bradley

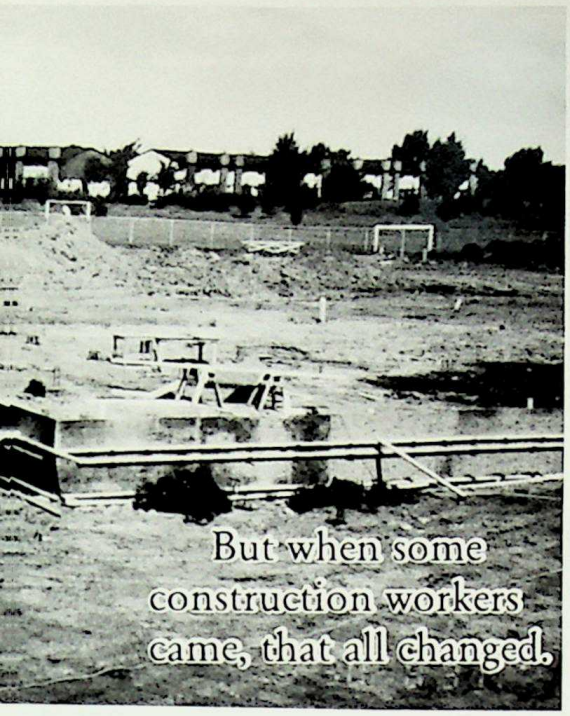
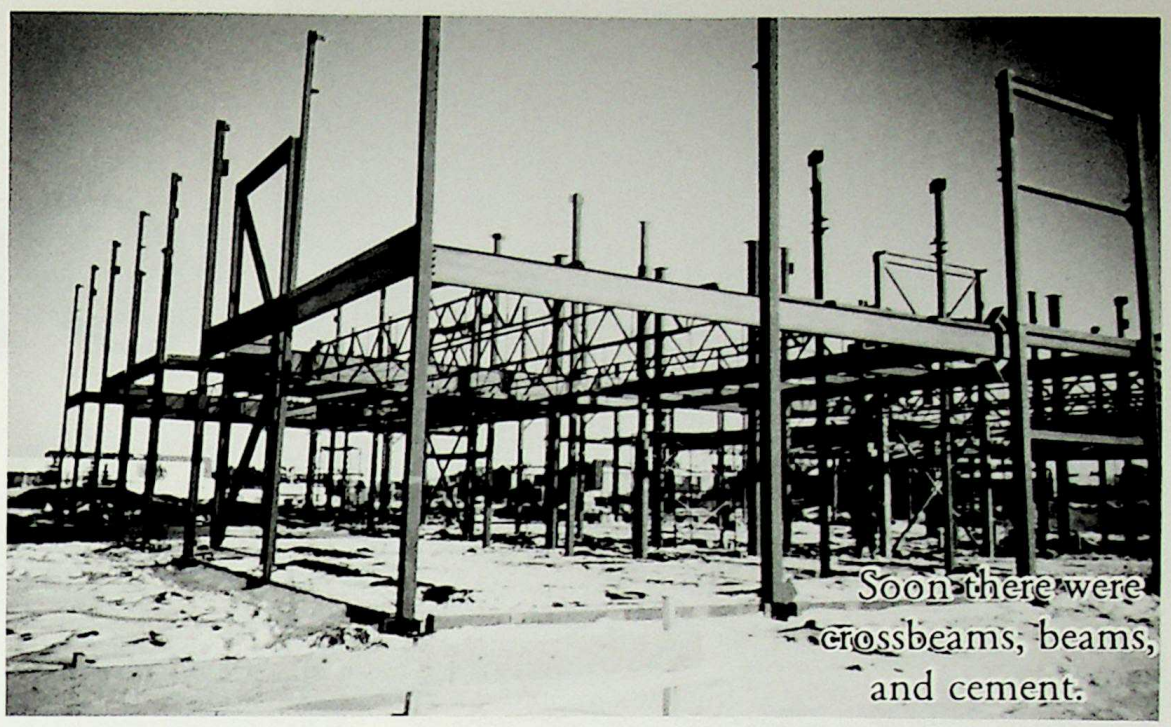
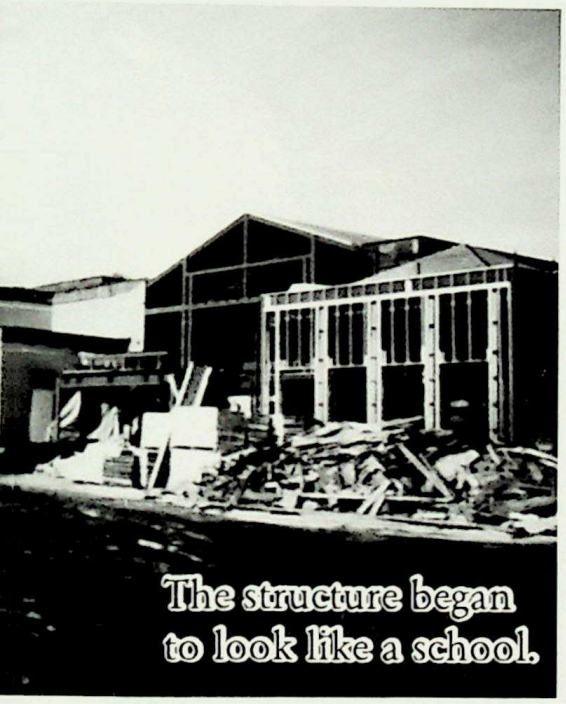
MON AUG 31
8.25 - 11.40 AM
12.50 - 3.20 PM



But when some construction workers came, that all changed.



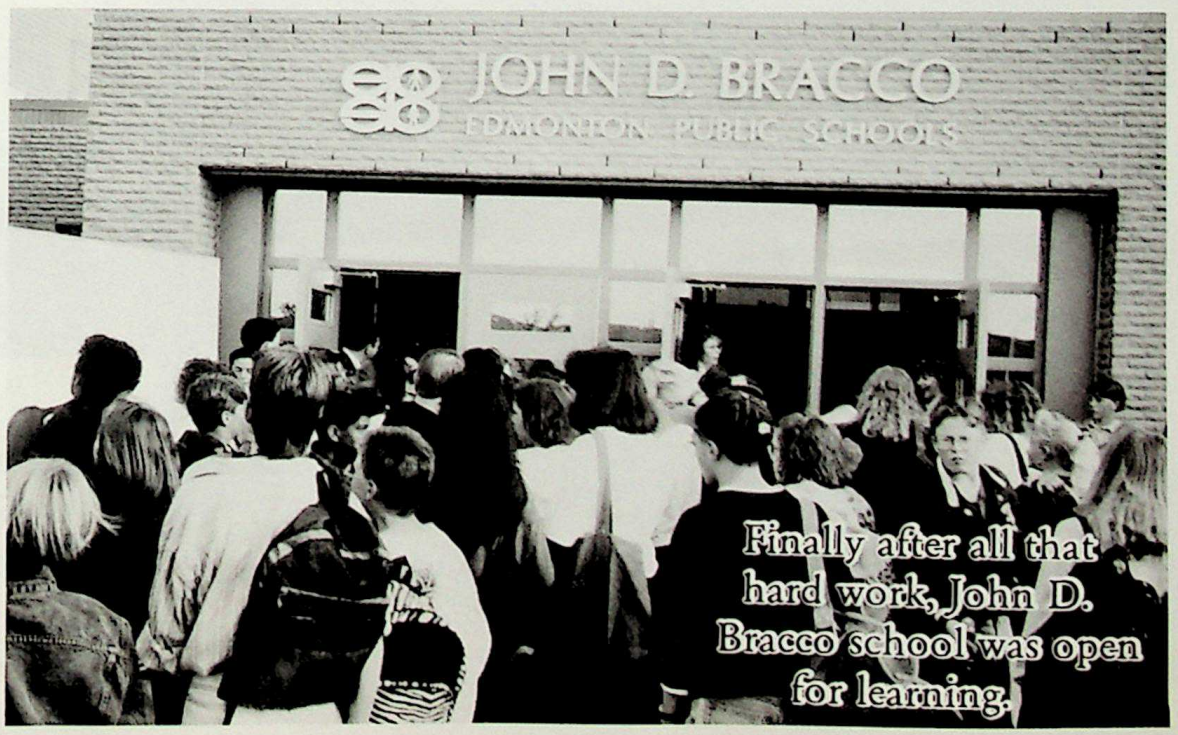
Soon there were crossbeams, beams, and cement.



The structure began to look like a school.

The finishing touches were applied.

Junior high kids from all over Clareview came to attend John D. Bracco School.



Finally after all that hard work, John D. Bracco school was open for learning.

Activities

This was our first year at John.D.Bracco. It was also a very successful year. We had many clubs and teams, such as the chess, ski, and yearbook clubs, the basketball and volleyball teams and a cheerleading squad. We didn't have a lot to fall back on, but we made it work. Just look at the next few pages.....

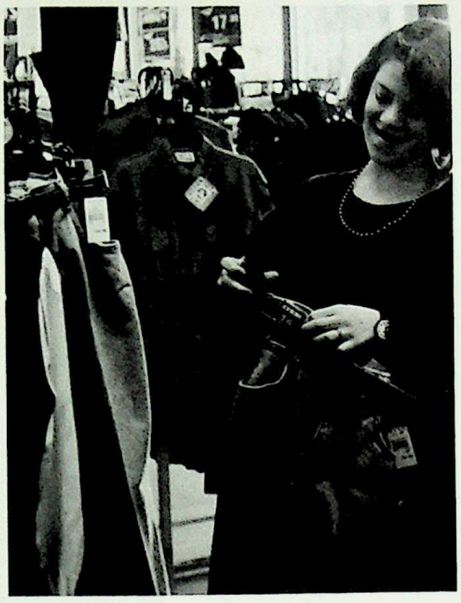
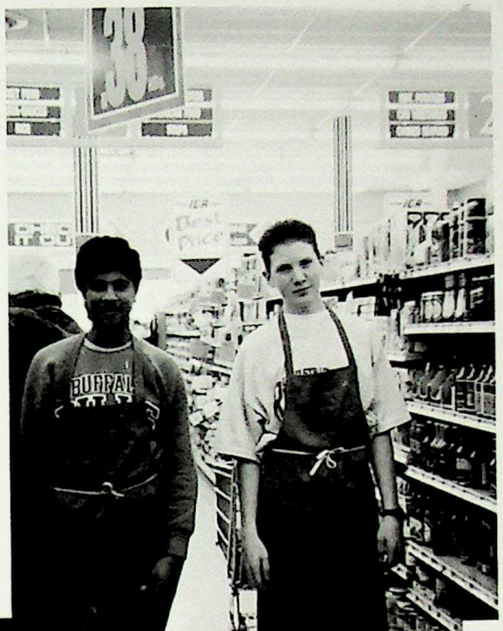
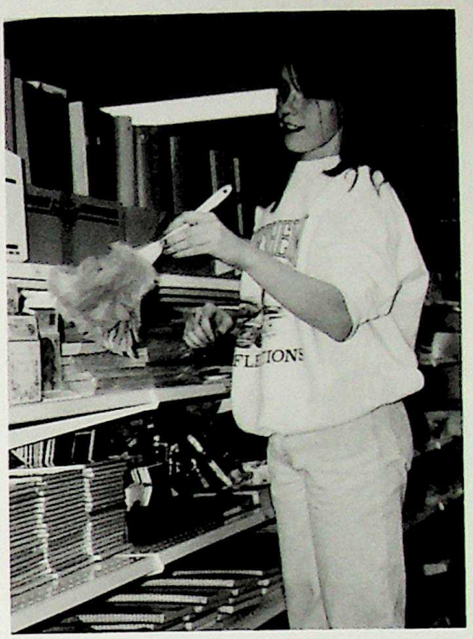
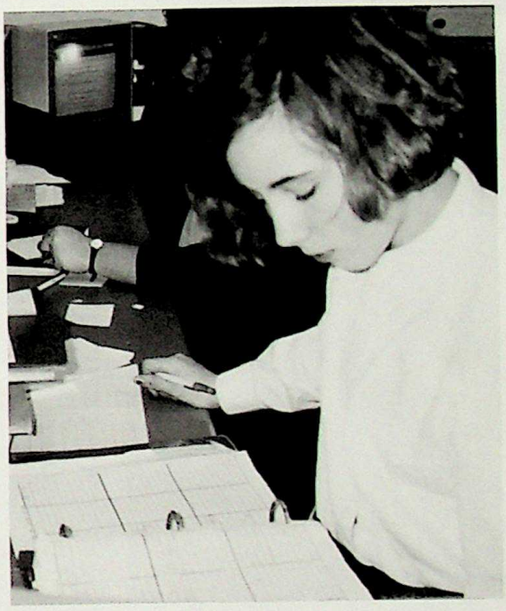
WORK EXPERIENCE

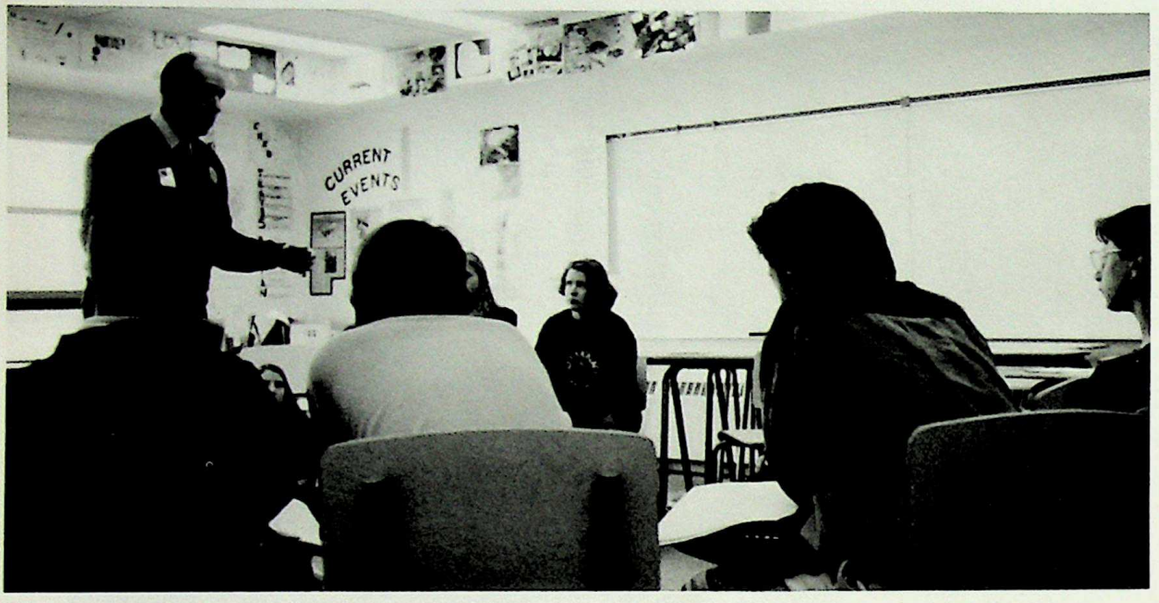


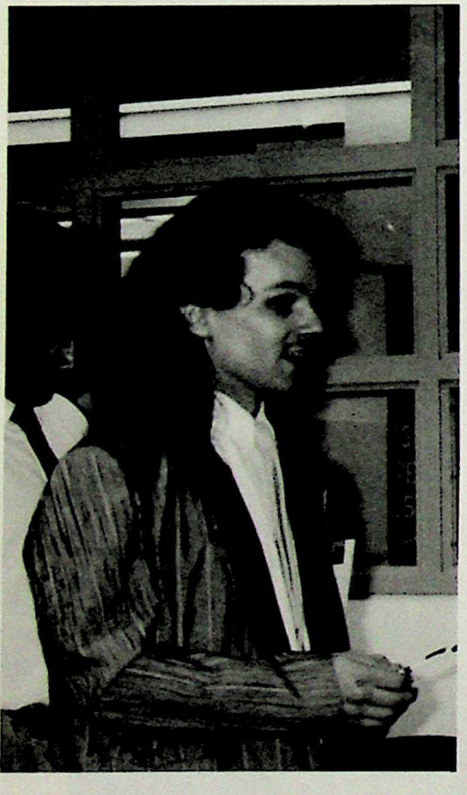


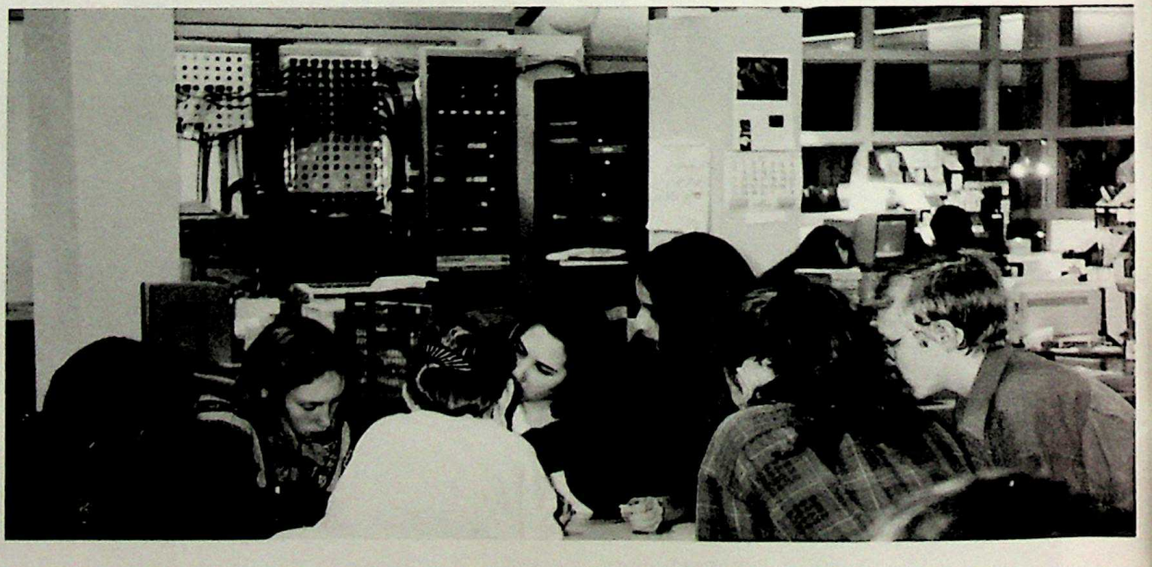




John D. Bracco Youth Conference
YOUTH AND THE LAW







John D. Bracco students will make recommendations to the government on issues surrounding young offenders. These recommendations are a result of a two day conference entitled "Youth and The Law". The conference featured several guest speakers,including lawyers,private citizens,police officers, and parents. This was a very successfull.

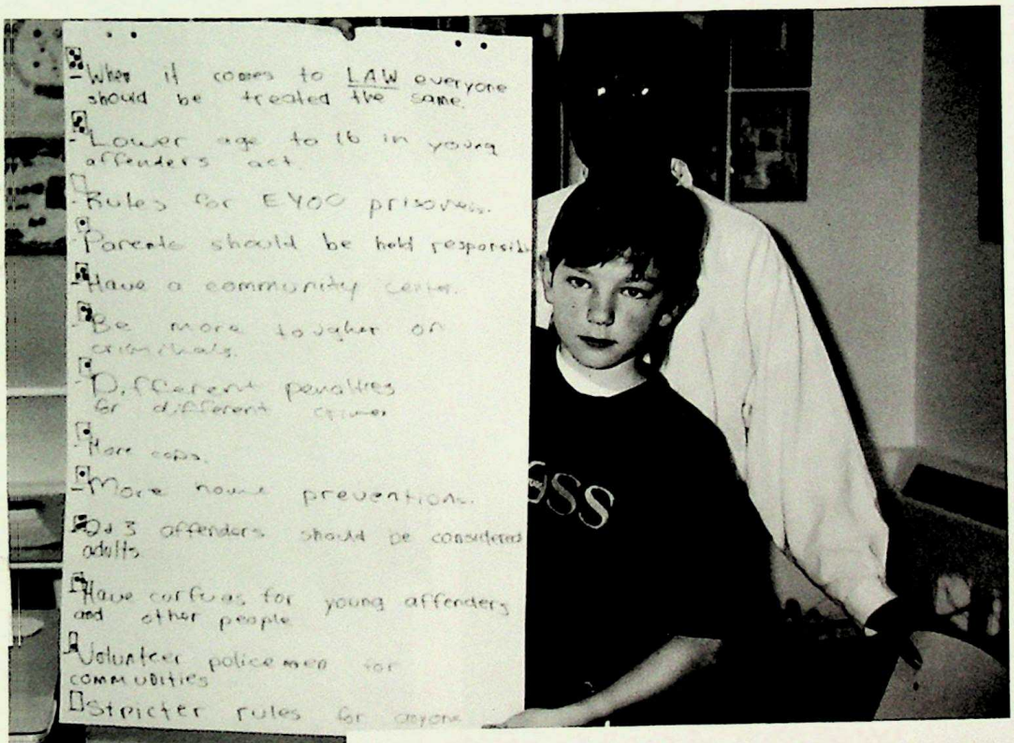
SCHOOL



When it comes to LAW everyone should be treated the same.
Lower age to 16 in young offenders act.
Rules for EYOC prisoners.
Parents should be held responsible
Have a community center.
Be more tougher on criminals.
Different penalties for different crimes
More cops
More house prevention.
16 & 17 offenders should be considered adults
Have curfews for young offenders and other people
Volunteer policemen for communities
Stricter rules for anyone
